Why should we care for the poor? Because God does. This Sunday's reading from the prophet Amos makes it clear that God is aware of injustice toward the poor. Because they have no one else to defend them, our Heavenly Father promises that He will stand up for them. God will judge harshly those who have failed to see justice done for the powerless. When we stand before Him, we want to be sure that we did all we could in this life to be on the side of the little ones whom He cares so much about.

Concern for the poor is not only good religion, it is also sound politics. Government should be on the side of the needy. Wealthy people can take care of themselves. It is the poor who need the government to defend them against those who would exploit them. Also, as the saying goes, "Everyone does better when everyone does better." When the hungry are fed, when the homeless have shelter, when the penniless get an education there is less crime, less disease, and less restlessness in society. We all benefit when the common good is served.

As followers of Christ, we are called to bring the good news of God's love wherever we go including into the public square and the voting booth. In particular, we are called to announce God's love for the poor. Then God's kingdom will increasingly influence the earthly city making His peace and justice more of a reality in our world today.
